Close to Laemthong Department Store - Bangsaen

Extraordinary offer for your investment! **Urbana City** The City of Trade and Living in Bangsaen

## “The City of Trade and Living in *Bangsaen*”

This is the beginning of a successful investment for your future, another quality real estate project from Bangsaen Mahanakorn Property. A new urbanized area on the most outstanding location in Bangsaen covers an area of 5 square meters. The theme design has a unique beauty of the architecture from Chino Portuguese, which is a combination of Portuguese and Chinese architecture, which can be seen widely in the old town of Amphoe Muang Phuket. We also have applied contemporary style into the theme, which has created a beautiful and unique new style of architecture called “Modern Chino Portuguese.

From this inspiration, we have transferred a piece of land elevated about 3 meters above the sea level into a new center location for commerce and living. Inside Urbana City project, **commercial building, and condominium** are offered, which are the perfect combination for both business investment and living ideal. Apart from all have been said, the project offers a large total project area; a spacious building, convenience, comfort, the feeling of safe and secured with a 24-hour security, and a wide road lane of 8 meters cutting through the project with large parking space. All of these are your perfect answers. Moreover, the project's location is surrounded by many important places, which are university, school, hospital, department store, market, sport arena, police station, and Bangsaen Beach. With this superior location, your life becomes more fulfilled.
